

Argentina, Chile & Easter Island Private Tour

Please note that all of the itineraries listed in our web site are actual private tour itineraries we have prepared for clients over the past 12-18 months. By the very nature of what we do, each private tour itinerary is custom, exclusive and unique unto itself. Our over-riding goal is to create lifelong memories that you and your family will forever carry deep within your hearts.

Overview

Buenos Aires is perhaps our favorite city in all of South America. A big reason is Buenos Aires’s lively street scene; including the San Telmo open-air antique markets, its array of outstanding restaurants, and Tango! Notwithstanding the various financial woes besetting Argentina over the past few years, Buenos Aires remains the country’s beaming star. European monuments and grand opera houses have become symbols of the city’s sophistication since the early 20th-century, when agricultural wealth from the nation’s heartland transformed the capital.

Easter Island provides much needed, quiet relaxation after a few days in the bustling cities of Argentina and Chile. A visit to this culturally compelling site allows one to learn more about the ancient Polynesian civilization that constructed the imposing statues that decorate the island to this day.
